

DTX

10 Performance

What it is:

- A plant-based complex that enhances the body's natural ability to eliminate toxins from cells. The increased ability of the body to eliminate toxins helps restore the functionality of bodily systems and cells.

Why take it:

- In order to maximize performance, maintain optimal weight, and minimize inflammation it is important to ensure the functionality and efficiency of body cells.
- One of the easiest and most efficient ways to positively impact health is through detoxifying the body. Detoxification is a normal process within the body and consists of neutralizing and eliminating toxins through the major organs and glands.
- However, the body's ability to cleanse itself becomes compromised when toxins from an unhealthy lifestyle and the environment build up and overload our systems.
- Neutralizes Toxins: By flushing waste out of the body, you can safely remove toxins.
- Purify the Liver: Milk thistle has been shown to protect the liver cells while removing harmful toxins.
- High Mineral Content: The minerals in **DTX** can correct any deficiencies you may have for minerals from eating a bad diet.
- Improve Blood Sugar: Research shows that milk thistle improves insulin resistance, which is great for anyone with Type 2 diabetes.
- Increase Heart Functions: By lowering your cholesterol, you reduce the risk of cardiovascular events.
- Detoxify: Your body will function more efficiently when your bloodstream is free of toxins.
- Great for Constipation: The ingredients of **DTX** have been used as a natural remedy for constipation for centuries.
- Gluten-Free: Wheat Grass is naturally Gluten-free.
- Healing: Aloe Vera is used to accelerate healing internally and alkaline your body.
- Energy: When your body is not bogged down from all the toxins, you will have more energy throughout the day.

How it works:

- Our **DTX** is the first of its kind. It not only Detoxifies your body, but also helps alkaline your body while adding essential minerals back into your system leaving you feeling refreshed and full of energy.

Who should take it:

- Adults experiencing signs such as headaches, poor digestion, skin problems, difficulty concentrating, joint stiffness and soreness, and difficulty losing weight.

Dosage:

- 30 drops/1 ML = 1 fully squeezed dropper (which only fills two-thirds of the dropper)
- Take sublingually (under the tongue) and hold in your mouth for 90 seconds. Swallow afterwards.
- Take 3 times a day, 30 minutes before meals
- Take for 10-14 days at a time, then take a break. Use again for continual detoxification of the body.

Ingredients:

- Wheat Grass: A vegetable packed with protein, essential amino acids, antioxidants, and an abundance of micronutrients. Wheat grass promotes digestive system health and aids in the removal of toxins from the body.
- Milk Thistle: A flowering herb that has antioxidant and liver protecting properties.
- Aloe Vera: Has the ability to detoxify reactive metabolites from the liver and the other organs.
- Shilajit: Composed of humic acid, fulvic acid, and organic plant matter. It has been demonstrated to transport nutrients deep into tissue to pull toxins like heavy metals out of body cells. It also possesses strong antioxidant activity.

- Other: purified water and organic grape alcohol
